

# Recovery Resources Encyclopedia (RRE) Box

**Thank you for purchasing our innovative, portable device, specifically designed to contain easily accessible tools to assist with the journey towards positive mental health**

## Key Features and Benefits

- ✓ Lightweight and portable
- ✓ Comes with a mouse and webcam to facilitate virtual appointments
  - ✓ Developed by people with real life experiences
- ✓ Sophisticated firmware ensures regular updating and currency of information
- ✓ Notifies users of upcoming mental health projects, conferences and events
  - ✓ Facilitates live streaming and digital attendance 'tickets'
- ✓ Users can continue on their Recovery Journey in privacy and in a safe space.

**We believe that the RRE Box will assist practitioners with accessing resources for their patients, and in assisting with the burden of scheduling and following up appointments and for tracking progress and recommending additional recover strategies**

**Think of the RRE Box as your tireless, knowledgeable practice partner!**

**Your RRE Box will be delivered via Express Post and will include:**

a comprehensive instruction booklet and [instructional video](#)

the box

an air mouse, which looks like a remote control device and is connected by USB to the TV monitor

a power cable

a webcam

a USB stick

**Please check contents carefully on receipt and contact us if something is missing.**

b

Assembly of the component parts is straightforward and detailed in the included [instruction booklet](#)

An air mouse makes control of the RRE Box easy and effective!
